Re: Meal Service for Virtual Students

From: School District of Wisconsin Dells Food Service Department

Dear Parents/Guardians of Virtual Learning Students,

We will be offering curbside meal service pick-up beginning Thursday, September 3, 2020. We are planning a pickup two days per week, Tuesday and Thursday, for family convenience. Students will receive a meal box with all the components for balanced breakfast and lunch meals that meet the requirements of the National School Lunch & Breakfast Programs. Meals will be provided for scheduled instruction days.

All meals must be ordered by 12:00 noon the day before pick-up. Please call (608) 253-2468, ext. 3187. You will need to provide the full name of the student(s) and student ID number that you will be picking meals up for. We will not be able to provide meals if you have not placed an order.

All meals may be picked up outside of the Spring Hill Elementary School MAIN Entrance. Please do not enter the building.

Times of pick- up will be 9:30 am – 10:45 am sharp

Students or parents will need to provide the student(s) first and last name, student ID number at the time of ordering meals and again at pick-up.

Days of pick-up will be Tuesday, (2 days meals provided), and Thursday, (3 days meals provided).

Full pay and reduced eligible students should have funds in their account to cover the cost of the meal pickup. The account(s) will be charged at the time of pickup.

- Please remember you need to apply for free & reduced meal benefits each school year.

Stay tuned for more information as we continue our planning process to ensure students have access to nutritious meals during our virtual learning environment.

Sincerely,

Greg Heller

Food Service Director
